

REAL ID INFORMATION STATE-BY-STATE

(current as of 4.24.2019)

REAL ID Facts to Know:

- States are given a Real ID Compliant status by DHS after a Real ID driver license is released
- State participation in Real ID is voluntary; so far, all states have chosen to comply with Real ID
- Issuing non-compliant versions of driver licenses and state identification cards is a decision left up to each state; some states have chosen not to issue non-compliant versions of their identity documents
- States that have an extension have deadlines within 2019 to either get another extension or become compliant
- Full Real ID compliance **must** be achieved by October 1, 2020
