

**Instantly Distinguish  
Fake From Real!**

## UV-16P Counterfeit Detection Scanner

Designed as an economical solution for highly lit retail and point-of-sale locations, the UVeritech **UV-16P** is the most powerful compact counterfeit detection scanner available today. Utilizing electronically enhanced components, the ultraviolet tubes produce 30% more UV than other devices. The **UVeritech UV-16P** may be used to detect counterfeit currency, credit cards, driver licenses, secure and chemically altered checks, cashiers checks, passports, visas, and many other important documents.

Can you tell the difference? . . .

You can with the **UVeritech UV-16P!**

- **Cash**
- **Credit cards**
- **Driver's licenses**
- **Identification cards**
- **Passports**

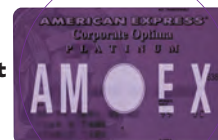

## Now You Know!
